SUMMARY

Bachelor of Technology student specializing in Computer Science and Engineering with a strong foundation in full-stack development, web technologies, and database management. Proficient in Python, HTML, CSS, JavaScript, and SQL. Experienced in internships and projects, including digit recognition, food court, and guessing game applications. Fluent in English, Hindi, and Telugu, with basic knowledge of Tamil. Seeking opportunities to contribute to dynamic web application development in a fast-paced environment.

EDUCATION

Bharath Institute of Higher Education and Research, Chennai Bachelor of Technology , Computer Science and Engineering	Aug 2021 - May 2025 Grade: 86%
Narayana Junior College, Guntur Intermediate , MPC	Jun 2019 - May 2021 Grade: 89.6%
St. Mark's EM High School SSC	Grade: 92.15%

EXPERIENCE

Motion Cut Web Development Intern	Nov 2023 - Present
- Collaborated with the development team to create responsive web pages using HTML, CSS, and JavaScript. - Assisted in debugging and optimizing code for improved website performance. - Gained hands-on experience in full-stack development and project management.	
Ural Federal University Summer Intern	Jul 2024 - Jul 2024
- Participated in a 15-day internship focused on machine learning and digit recognition. - Developed a digit recognition project using Python and TensorFlow. - Collaborated with international peers to enhance technical and cross-cultural communication skills.	

PROJECTS

Digit Recognition Link	Jul 2024 - Jul 2024
- Developed a machine learning model to recognize handwritten digits using Python and TensorFlow. - Implemented a user-friendly interface for digit input and real-time recognition. - Achieved 95% accuracy by optimizing the model with advanced preprocessing techniques.	
Food Court Link	
- Designed and developed a responsive web application for managing food court orders using HTML, CSS, and JavaScript. - Integrated backend functionality using Node.js and Express for seamless order processing. - Enhanced user experience by implementing dynamic UI components and real-time updates.	
Guess the Game Link	
- Created an interactive guessing game using JavaScript to enhance user engagement. - Implemented logic for random number generation and user input validation. - Improved game performance by optimizing JavaScript code and reducing load time.	

ACHIEVEMENTS

- Selected for a prestigious internship at Ural Federal University, Russia.

- Completed multiple certifications in web development and programming.

CERTIFICATIONS

Web Development

Introduction to Database

JavaScript Essentials

Python

SKILLS

- **Programming Languages:** Python, JavaScript
- **Web Development:** HTML, CSS, JavaScript, Node.js, Express
- **Database Management:** SQL
- **Soft Skills:** Communication, Teamwork, Time Management
